

A Dragon Illusion

The assignment has three parts:

Pick up a copy of the dragon from Mrs. Eitner

1. Create the dragon
 - a. Follow the directions for cutting, folding and taping together the dragon. You will only get one copy, so treat it carefully!
2. On page 13 of your journal - Research and write a paragraph below on how the illusion works. You may look at the following sites, but make sure that your paragraph is in your own words. If you have a quote, make sure it is in quotation marks and cited properly. Some questions to research,
 - a. How does the brain interpret the signals?
 - b. Why does this illusion work?
 - c. Can you give an example for something else?
3. Create a video that shows the illusion
 - a. When you have put together the dragon, make sure your name is on it.
 - b. Then you will video-tape the dragon to show how the illusion works. Your video must show the illusion.
 - c. Create a narration track in imovie to go with your video of the illusion.
 - d. Export the video
 - e. Upload the video to Google Drive and share it with Mrs Eitner

The movie should be exported and uploaded to google drive and shared with Mrs. Eitner.

The paragraph should be written on the following page and submitted (turned in) through Google Classroom.
