

Bellwork Slides

Bellwork Week #1 Beginning: 8/24/15

Monday - 8/24: What are your top 3 items you would want to carry to ensure your survival in any situation? Explain why.

Tuesday - 8/25: In a future city, about 150 years from now, what are 4 things do you think would be "advanced" or new technology that hasn't been invented in the present.

Wednesday - 8/26: Reduce, Reuse, Recycle, Repurpose are ways to cut down on waste in landfills. If we run out of room in a landfill, what are the options that cities could look at to manage their waste? Give 1 - 2 examples and your reasons why they would be good options.

Bellwork Week #1 Beginning: 8/24/15

Thursday - 8/27: What are two reasons why recording accurate information in your engineering log is important?

Friday - 8/28: In the activity yesterday, if you used a regular lifesaver, rather than a gummy lifesaver, would your procedure and results be the same? Why or Why not?

When you are finished with your bellwork, make sure your first and last name are on it, and put it in the turn-in box.
